

Authority to Sign

As a thoroughbred racehorse owner, you are obliged to sign important paperwork for Racing Australia at a number of points along the life journey of your horse. Like most trainers, Lindsay Park Racing finds the easiest way to manage this is to ask you to complete an Authority to Sign form so that we can cover these requirements on your behalf. That way, from registering your horse with Racing Australia to naming, ownership transfer or retirement, every eventuality is covered without you having to individually sign each time. We will always keep you informed of any Racing Australia requirements as they come up, but if we can lodge this completed form with Racing Australia on your behalf, you won't have to keep signing at every stage.
